The Senate and House.

Proceedings of Both Branches of Congress.

THE SENATE IN SECRET SESSION.

An Effort Made to Bring Up the World's
Fair Bill, but It Is Voted Down—The
Private Calendar Considered in the
House—Other Washington Dispatches.
WASHINGTON, April 19.—The senate
spent nearly the whole day in secret ses-
sion, considering the report of the com-
mittee which has been investigating the
leakage of executive session secrets.

Mr. Platt, by request, introduced a bill
for the admission of New Mexico to
statehood, stating, however, that he did
not commit himself on the question.

Mr. Plumb moved to take up the bill
for the forfeiture of certain railroad
lands.

Mr. Dolph antagonized this with a
motion for an executive session.

Mr. Hawley made an effort to get up
the world's fair bill, and appealed to
Senators Plumb and Dolph to allow the
fair bill to be considered.

Mr. Dolph thought the fair bill would
consume all the afternoon, and declined
to yield.

Mr. Blackburn said there would be a
good deal of it.

Mr. Cullom said that so far as he was
able to learn, he did not think there
would be a long discussion on the fair
bill.

Mr. Cullom said that whether it
would or not, every senator realized the
fact that if there was to be a world's
fair in 1892 or 1893, the necessary legis-
lation ought to be enacted as soon as
possible.

Mr. Dolph insisted again upon his mo-
tion, and despite the appeals of Senator
Plumb for his land forfeiture bill and
Mr. Hawley for the world's fair bill, the
senate by a vote of 32 to 25 went into
secret session, and the doors at 1 o'clock
were closed. The votes in the negative
were all Republicans.

The doors were reopened at 5 o'clock,
and the following bills from the calen-
dar were passed: Appropriating \$75,000
for a public building at Haverhill, Mass.;
house bill increasing to \$500,000 the limit
of expense for the public building at
Troy, N. Y.; house bill increasing the
limit of cost for the public building at
Newark, N. J., to \$650,000.

The senate then at 5:30 p. m. ad-
journed.

House Proceedings.

WASHINGTON, April 18.—Mr. Enloe, of
Tennessee, rose to a question of personal
privilege, and sent to the clerk's desk
and had read an article from The New
York Press declaring that a gigantic
fraud had been discovered in the south-
ern war claims bill, and that Mr.
Thomas, chairman of the committee on
war claims, had denounced the bill as
one of the most infamous that had ever
been foisted upon congress.

Mr. Thomas said he thought he could
prove the disloyalty of a number of the
claimants.

Mr. Enloe said that the charge that he
had brought the bill before the house
surreptitiously was false.

Mr. Cannon submitted a disagreeing
report on the National zoo bill, which
was agreed to, and the house insisted
upon its amendment taxing the District
of Columbia half of the cost.

Mr. Henderson, of Illinois, reported
the river and harbor bill, and it was
reported to committee of the whole.

The house then went into committee
of the whole on the private calendar.
The court of claims bill was called up,
the pending motion being to recommit
the bill, with recommendations that it
be referred to the committee on rules
for a report as to its status. This was
lost.

Mr. Thomas offered a resolution to re-
commit the bill with instructions to the
committee on war claims to investigate
the loyalty of the claimants. This and
another proposition to have the commit-
tee report it back within two weeks were
finally agreed to and the resolution was
reported to the house and adopted.

The house then at 5 o'clock took a re-
cess until 8 p. m., the night session to be
for the consideration of private pension
bills.

Pan-American Conference Ended.

WASHINGTON, April 19.—The Pan-
American conference practically finished
its work yesterday, but will not formally
adjourn sine die until Monday. The
report of the committee on international
law was adopted with dissenting votes
from two countries—the United States
and Nicaragua. These resolutions as
adopted declare that "foreigners are en-
titled to enjoy all the civil rights enjoyed
by natives; and they shall be accorded
all the benefits of said rights in all that
is essential as well as in the former pro-
cedure, and the legal remedies incident
thereto, absolutely in like manner as
said natives. A nation has not, nor rec-
ognizes in favor of foreigners, any other
obligations or responsibilities than those
which in favor of the natives are estab-
lished, in like cases, by the constitution
and the laws."

The report from the committee on gen-
eral welfare recommending arbitration
for the settlement of all controversies be-
tween American republics and European
nations, was also adopted.

Eight Hours in the Postoffice.

WASHINGTON, April 19.—Postmaster
General Wainman in a letter to the
house postoffice committee about Repre-
sentative Ketchum's eight hour bill for
postoffice clerks, says he has consulted
with a number of the most practical and
successful postmasters upon the subject,
and the opinion among them is unani-
mous that it is impracticable to adjust
the duties of the clerks, so as to give
each one a tour of consecutive hours of
labor without a great waste of money.
Should the committee determine to
recommend this measure, it seems

proper, the postmaster general suggests,
that some provision should be made to
credit the government in all cases where
clerks and employs for any reason per-
form less than eight hours labor in any
one day.

Bond Purchases.
WASHINGTON, April 19.—The treasury
department yesterday purchased \$250,000
four and one-half per cent. bonds at
103 1-2, and \$751,200 four per cent.
bonds at 122.

A LUCKY DISCOVERY.

Plot of Two Desperate Characters in In-
dianapolis Jail Frustrated.

INDIANAPOLIS, April 19.—The turnkey
at the county jail yesterday discovered
and frustrated a conspiracy on the part
of two dangerous criminals to escape.
Len Henderson and John Simpson,
two ex-convicts, are under indictment.

Yesterday two women called at the
jail and talked to the prisoners through
the iron grating, and one of them was
seen to hand something to the prisoners.
As soon as they left three deputy sher-
iffs brought the prisoners out into the
office and their cells were searched.

In the bedtick of Henderson's cell
was found a package containing a half-
pound of cayenne pepper, and when
Simpson was charged with being in a
conspiracy to escape he confessed, and
told the plan agreed upon. Henderson's
wife is very ill, and it was arranged that
he should visit her in charge of Deputy
Elliott to-day. The two men were to
divide the pepper between them, and as
soon as Elliott and Henderson left the
jail the latter was to throw the pepper
in the eyes of his escort and escape.

About the time that Henderson was
to leave the jail, a woman was to call
and see Simpson, and as he was led into
the office he was to throw the pepper in
the eyes of the guard, and escape and
join Henderson at a designated place.
Both men have been in the penitentiary
twice, and are desperate characters. The
accidental discovery of the pepper no
doubt saved the officers from a terrible
experience. The men deny that they
received the pepper from the woman, and
refuse to tell where they got it.

PAY TRAIN WRECKED.

A Number of Railroad Officials More or
Less Injured.

AUGUSTA, Ga., April 19.—The pay
train on the Gainesville, Jefferson and
Southern railway, containing Superin-
tendent Hemphill, Roadmaster Robin-
son, Treasurer Richards, Supervisor Bell,
Engineer Stubb, of the Georgia railway,
and General Manager Wilkous, of the
Narrow Gauge, and Route Agent Hurl-
bert, of the Southern Express company,
was overturned yesterday afternoon
near Jug Tavern, and all of the officials
named were more or less injured.

Supervisor Bell was the worst hurt, re-
ceiving a severe contusion on the head.
Superintendent Hemphill was painfully
injured about the hips, and Treasurer
Richards had his knee and ankle badly
sprained.

The train was running about twenty-
five miles an hour, when, from some un-
known cause, it turned over. The in-
jured were brought to Augusta last
night and taken home on litters. None
of them are thought to be dangerously
injured.

HANGING TOO GOOD FOR HIM.

Execution of a Negro Who Made a Busi-
ness of Murder and Robbery.

BIRMINGHAM, Ala., April 19.—Ben.
Elsey, colored, was hanged in the jail
yard for the murder of J. W. Meadows,
a railroad conductor, in January, 1889.
In addition to this crime he murdered
and robbed an old farmer and his wife
in Douglas county, Ga., about five
years ago, shot a policeman in Atlanta,
and, in December, 1888, robbed and
murdered an Italian peddler near this
city.

Elsey made a full confession of the
Meadows murder. He gave the names
of his accomplices, and they were all
captured. One of them, Gilbert Lane,
was hanged Feb. 14; another has been
sentenced to life imprisonment, and a
third has not been tried. The fourth was
discharged. Elsey was about 39 years
old, and had been in the business of
robbing and murdering people for six
years.

ATTEMPTED ROBBERY.

Three Masked Robbers Attempt to Hold
Up a Mine Superintendent.

SILVER CITY, N. M., April 19.—A bold
attempt at robbery was made about four
miles this side of Pinos Altos. The
superintendent of the Mountain Key
mine was going to Pinos Altos with a
large amount of money to pay the men,
and was told to hold up his hands by
masked robbers. His companion fired
on the robbers, and several shots were
exchanged, but nobody hurt.

The superintendent drove on to Pinos
Altos and the sheriff here was sum-
moned as soon as possible. Three per-
sons were directly implicated in the ro-
bbery, George Robbins, who is but a boy,
Dick Huber and Albert Mayfield have
been arrested. Huber and Mayfield at-
tempted to escape, and Huber was
wounded in the left arm. They are all
in jail now. Young Robbins made a
confession of the whole affair.

BATTLE WITH OUTLAWS.

Fight at Black Mountain, Kentucky.
Five Soldiers Wounded.

LOUISVILLE, Ky., April 20.—Adj.
Gen. Hill, at Frankfort, has received a
telegram from Pinoville, saying that a
fight had occurred on the 16th at Black
mountain between the state militia and
mountain outlaws. Five of the soldiers
were wounded. It is thought some of
mountaineers were shot, but it is not
known how many. The militia are from
Lexington and Harrodsburg, and were
sent to guard the court in Harlan C. H.
during the trial of the outlaws engaged
in the Turner-Howard vendetta. The
place of the fight is remote from a tele-
graph station.

Late Cable Dispatches

Strike Troubles Growing Seri- ous in Austria-Hungary.

ONE HUNDRED THOUSAND OUT.

Rioting Resorted to by Many of the
Miners and Troops Called Out to Sup-
press the Disorders—In One Collision
With the Troops Eight of the Rioters
Are Wounded—Other Foreign News.

VIENNA, April 19.—In the Karvit and
Ostrau districts the position resulting
from strike troubles is critical. It is
estimated that 100,000 workmen are
out of employment as a consequence,
directly or indirectly, of the strikes. The
striking miners are belligerent, and do
not hesitate to attack the factories where
workmen are at their places. The latter
are peremptorily ordered to stop work or
suffer the consequences of a refusal to
do so. A collision occurred between the
striking miners and the troops yester-
day, in which eight of the rioters were
wounded with bayonets.

It is learned that the strike of the Os-
trau miners was intended to begin on
May 1, but that it was precipitated by
the denunciations of the parish priest of
the May Day manifesto of the labor agi-
tation. A great deal of ill-feeling fol-
lowed the priest's address to his parish-
ioners, and the premature outbreaks of
the strike was the result. In the en-
suing riot the windows of the priest's
house were smashed.

The strikers at Prague have become
intensely violent, and have had frequent
collisions with the police. Many of the
rioters have been arrested.

The strike has extended to all in-
dustrial centres in Eastern Silesia.
Sixty of the rioters arrested at Witt-
kowitz last night made an attack upon
two of the sentries guarding them
during the night and twenty of them
escaped. The sentries were seriously
wounded, but were able to prevent a
wholesale escape. The strikers are
without leaders, and negotiations with
them are impossible. Coal is becoming
very scarce and there are fears of a
famine.

Major Wissmann to Be Justified.

BERLIN, April 19.—Maj. Wissman has
sent Maj. Liebert back to Berlin to re-
port the progress of the former's work
in East Africa to the government. Maj.
Liebert is an officer of the general staff
and a year ago was appointed represen-
tative of the imperial commissioner for
East Africa, to go to Zanzibar to assume
direction of the organization and equip-
ment of Wissmann's expedition and to
command any supplementary expedition
that might be deemed necessary. It is
understood that his report will be sub-
mitted to the reichstag almost imme-
diately after the reassembling of that
body as evidence of the complete justifi-
cation of the Wissmann expedition, and
as convincing reason why it should re-
ceive full legislative sanction and sup-
port.

Suddenly Skips Out.

ST. PETERSBURG, April 19.—A sensa-
tion has been created here by the an-
nouncement that the young woman ar-
rested a day or two ago for attempting
to bribe a government official to surren-
der a copy of the government's new
mobilization scheme and the plans of
the Russian frontier fortifications, acted
under orders of Baron Von Plessen,
naval attache of the German embassy.
When the disclosure was made it was
found that the baron had suddenly
taken his departure from the city.

Emin Pasha Ready to Start.

ZANZIBAR, April 19.—Emin Pasha,
with his expedition, will start from
Bagayamoyo for the interior on Mon-
day. The German East African com-
pany intends to construct new railways
in southeast Africa, similar to the
pioneer railways in Senegal. Engineers
are now surveying the routes.

Stanley Leaves Paris for Brussels.

PARIS, April 19.—Stanley left here
for Brussels at 8 o'clock this morning.
He will be met on the Belgian frontier
by the burgomaster and aldermen of
Brussels, and escorted to the capital by
special train, arriving there at 1:30 p. m.
He will be received at the railway sta-
tion by King Leopold.

Expelled From Berlin.

BERLIN, April 19.—Herr Short, who
was the Socialist candidate for the
reichstag in opposition to Professor
Virchow, in the late general election,
has been expelled from Berlin owing to
the violence of his speeches in the pre-
vailing Socialist-labor agitation.

Railway Collision.

BERLIN, April 19.—A collision oc-
curred at the Kreuz station, in Bran-
denburger, the principal railway cross-
ing in northeastern Germany, yesterday,
one passenger was killed, five seriously
injured, and twelve were slightly hurt.

A Russian Naval Officer's Treachery.

LONDON, April 19.—The Standard's
correspondent at St. Petersburg says
that the plans of the fortress at Cron-
stadt were sold to foreign spy by a Rus-
sian naval officer for the sum of £190.
The officer has been arrested.

One Hundred and Thirty Houses Burned.

VIENNA, April 19.—A disastrous fire
occurred at Non-Sander yesterday, by
which 130 houses were destroyed. The
fire originated in the Jewish quarters,
and is believed to have been started
maliciously.

WASHINGTON, April 19.—Secretar-
Windom has directed that the case of
the Chinaman who is on the bridge at
Niagara Falls, N. Y., and who is not al-
lowed to return to this country, nor to
enter Canada, be called to the attention
of the United States district attorney for
such action as he may think proper.

LABOR ON RAILROADS.

Some Statistics Furnished Congress by
Carroll D. Wright.

WASHINGTON, April 19.—The fifth an-
nual report of Carroll D. Wright, United
States commissioner of labor on railroad
labor statistics, was sent to congress yester-
day. The report presents a table giv-
ing the average daily rates of pay and
the average yearly earnings for such
railroad employes in Great Britain and
the United States as are amenable to
comparison as follows:

CLASS OF EMPLOYEES.	GRAT.	UNITED STATES.
Engineers per day.....	\$ 1.46	\$ 3.22
Firemen per day.....	.91	1.79
Conductors per day.....	.97	2.63
Switchmen per day.....	.85	1.50
Flagmen per day.....	.81	1.13
Engineers, yearly earnings	457.00	1,007.00
Firemen, " "	285.00	592.00
Conductors, " "	304.00	824.00
Switchmen, " "	266.00	471.00
Flagmen, " "	254.00	354.00

Sixty railroads were investigated as
representative roads. There are in the
United States 1,800 railroad corpora-
tions, but the railroad business is per-
formed by 600 operating roads. Of the
operating roads, 377 prohibit the use of
intoxicating liquors and others regulate
its use among employes in one form or
another. Only twenty-five railroads
furnish lodging houses for employes,
but upwards of 150 furnish section hands
with lodgings when away from their
homes. Nineteen roads maintain bene-
ficiary institutions, to which the men
and corporations both contribute. These
institutions help those who are disabled
and the families of those who lose their
lives in the service.

Many railroads contribute towards the
support of beneficiary institutions estab-
lished for the benefit of their men, while
others pay expenses of injured em-
ployees. About three hundred of the
operating railroads either pension per-
manently disabled employes, or retain
them in the service on light duty. A
goodly number of railroads maintain
libraries and reading rooms, and nearly
all of the principal roads contribute
towards the support of the railroad
branch of the Young Men's Christian
association, which organization man-
ages many of the reading rooms. Quite
a number of roads maintain technical
schools for the education of their em-
ployees.

The report discusses at length the
liability of employers for damages to
employes, giving the laws of the various
states governing this subject, and so far
as they abrogate the common law rules,
which is: That an employe injured
through the negligence of a fellow em-
ploye, cannot recover from the common
employer.

Reports of other branches of labor
will be submitted to congress hereafter.

The results relating to the cost of pro-
ducing articles in this country as com-
pared with the leading countries of the
world which come into competition with
the United States, and which will form
a separate volume, will probably be sent
to congress before the close of the pres-
ent session.

BIG INDIAN POW-WOW.

The Sioux to Meet Again to Consider the
Land in Severalty Question.

PIERRE, S. Dak., April 19.—Through
the efforts of the Indian Rights society
another big pow-wow has been called by
the big chiefs of the Sioux Indian nation
to reconsider the final action on the
taking of lands in severalty as provided
by law. The meeting is called for next
Sunday, at a point two or three miles up
the Bad river. Col. Lounsbury, special
agent of the general land office, and
Register Bailey have been invited and
will be present. The Indians intend
more clearly to understand what their
rights are as land-owners in severalty,
and to decide whether they shall take
land in that manner or go to the reserva-
tion and continue their tribal relations.
It will be a very important meeting for
them. John Grass, Sitting Bull and
other noted chiefs, as well as other bands
of hostiles, will attend.

Two Sisters Evicted.

CHAMBERLAIN, S. Dak., April 19.—
Considerable excitement was caused at
Lower Brule by Capt. Vivian marching
his troops into the town-site of Sherman
and in tying the town-sites that they
must vacate or be arrested for trespass-
ing on Indian ground. A number of
settlers protested, whereupon writs of
ejectment were served on them, with
notice to vacate within twenty-four
hours. It is the intention to move
forthwith all persons who have settled
upon lands claimed by the Indians un-
der the severalty law. The town-sites
were also notified that if they allowed
their buildings to remain they would do
so at their own risk.

Killed by Wild Omnibus Horses.

GREENCASTLE, Ind., April 19.—John
Sharkey, section foreman of the Chicago,
Cleveland, Cincinnati and St. Louis
railway, was run over and killed by a
runaway team of horses, attached to a
transfer bus belonging to Cooper Broth-
ers. He was stooping over some rails,
and the force of the blow broke his
back, he dying in ten minutes. Sharkey
was married and left a family of nine.
He was 50 years of age, and had been
with the company eight years.

Cable Car Accident.

DENVER, Col., April 19.—A Denver
and Rio Grande transfer train backed
into a North Denver cable car at Fif-
teenth and Delany street. There were
about thirty passengers in the car, but
as the switching train was nearly stopped,
loss of life was averted. H. A. Cham-
bers was the only one thought to have
received injuries that are likely to prove
fatal. A dozen others were hurt, but
not seriously.

Death of an Ex-Consul General.

AUSTIN, Tex., April 19.—Hon. John
Cardwell, who was United States con-
sul general to Egypt during President
Cleveland's administration, died yester-
day at Richmond, Tex. Mr. Cardwell
was for many years editor and part pro-
prietor of The Austin Statesman.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, APRIL 19, 1890.

THERE is rejoicing in circus circles. The Walker bill requiring shows to exhibit everything they advertise has been defeated in the Legislature. In the language of John Lowlow: "Bring on another horse."

HON. WM. J. HENDRICK has announced himself as a Democratic candidate for delegate from Fleming County to the Constitutional convention. Fleming Democracy will honor itself by honoring him with this position.

THE Farmers' Alliance of Kansas has resolved that "a tariff for revenue sufficient only to meet the necessities of the Government honestly administered, is what the farmers want." This is sound Democratic doctrine even if it does come from a hitherto Republican stronghold. Republican leaders had better keep an eye on Kansas.

THE Cincinnati Enquirer says "if Rhode Island and Connecticut ever get into Democratic hands they should establish a republican form of government. This is not a joke—it is serious." Our esteemed contemporary talks as though it had not heard the news from "Little Rhody." The Democrats gained control of the Legislature of that State at the late election and they will run things from now on or know why.

"WITHIN a short time," says the Cleveland Plain Dealer, "six wild and woolly Western Territories will have been made States for Republican purposes only. They are needed to prolong the official life of a party which feels itself nearing its final dissolution. The nineteen electoral votes are its forlorn hope in the the next Presidential election, and the twelve Senators are needed to retain control of the 'dignified' branch of Congress."

To the Commercial Club.

Editor Evening Bulletin:—As a means for reaching all members of the Commercial Club of Maysville, we would be very glad to have you favor us with space in your columns to state that in reply to the petition recently sent by that Club to Mr. H. E. Huntington, General Manager of the K. C. Railroad, asking for certain changes in the schedule of the K. C. trains to and from Maysville, I have received his reply, saying that the matter was now being investigated with a view of complying with the request as to the desired changes, provided same can be made practicable. Very respectfully,
HUGH G. BOWLES, Agent
April 19th, 1890.

The Summer Schedule.

Editor Evening Bulletin: The C. & O. summer schedule will probably go into effect on May the 11th, next, and since Maysville is one of our best passenger points on the Cincinnati Division, we would like to have an expression from our patrons here as to how they are suited with the present schedule of our accommodation trains. These trains at present run as follows: Maysville accommodation leaves west 5:35 a. m., arrive 7:35 p. m.; Russell accommodation west 8:43 a. m., east 4:37 p. m.

We would therefore thank you to publish this letter, and it is respectfully asked that our patrons will advise me as to their preferences pertaining to the time of these trains in order that same may be considered in the present revision of schedules. Very respectfully,
HUGH G. BOWLES, Agent.

The Descent from the Clouds.

A grand balloon ascension with the John Robinson show, and when at an altitude of over 5,000 feet the intrepid aeronaut will jump to the earth, leaving his balloon sailing among the clouds. Remember this is a free exhibition given at each place the great show exhibits and will take place at Maysville on Wednesday, April 30.

The Big Show April 30—An Added Attraction.

John Robinson, whose big show exhibits here on April 30, has secured as an additional attraction the services of a distinguished aeronaut, who will at each place of exhibition make an ascension in his monster air-ship, and will when at an altitude of nearly one mile jump from the balloon and make his descent by aid of a parachute. This exhibition is free, and will take place in Maysville on April 30 previous to opening of doors for the big show.

Presbytery of Ebenezer.

At the recent meeting of the Presbytery of Ebenezer at Elizaville a call from the Central Presbyterian Church, of this city, was placed in the hands of Rev. B. W. Mebane, of Virginia, and accepted by him. Arrangements were made for the installation, which will take place to-morrow as stated elsewhere.

Rev. S. D. Boggs, of Catlettsburg, Ky., and Elder J. J. Wood, of Maysville, were elected delegates to represent the Presbytery in the General Assembly to meet at Asheville, N. C., on the 15th of next month.

French & Co.'s Railroad Circus.

Bear in mind that this show will be here next Monday. Remember also that one price—only 25 cents—admits you to all the show. It exhibited at Cynthiana last Wednesday and the Times says: "The circus, museum and hippodrome were largely patronized and enthusiastically received by two large audiences which greeted them in this city yesterday. They are a gentlemanly lot of people. They made a good impression among our citizens, and will be remembered if they return. Each and every one who attended got value received for their money."

Items for the Farmers.

Colonel Storer, of Bourbon County, pays \$850 license this year for his stallions.

Burns McGreggor, that trotted in some of the races at the fair here last August, died a few days ago at the stables of his owner, E. S. Muir, at Donersell, Fayette County. Mr. Muir had recently been offered \$8,000 for the horse.

There are in Florida 10,000 orange growers; the acreage is 100,000 and the capital invested is from \$80,000,000 to \$75,000,000; Three seasons ago 1,250,000 boxes were produced; two seasons ago 2,100,000, and last season about 2,100,000. It is estimated that the crop of 1890 will be over 4,000,000.

Here and There.

Hon. E. L. Worthington was at Frankfort Thursday.

Mr. Stanley Lee is in town, spending a few days with his family.

Representative Hillis came in from Frankfort yesterday and passed on to his home in Lewis County.

Mrs. Basil Duke, of Bloomington, Ill., arrived yesterday on a visit to her parents, Dr. and Mrs. John P. Pluster.

Miss Anna Whitaker, a handsome belle of Maysville, is the guest of her cousin, Miss Lucy Wadsworth, on Barr street.—Lexington Leader.

Rev. W. J. E. Cox returned yesterday afternoon from Vevay, Ind., where he spent the past two weeks in a protracted meeting that resulted in fifteen additions.

The Railway World.

The C. & O. passenger trains are rarely behind time now.

Six Louisville capitalists have, it is said, put up \$100,000 each to complete the Beattyville Road from Versailles to Pineville.

The Board of Railroad Commissioners of Missouri has notified all railways operating in that State to appear before the Board by representatives, and show cause why they charge ten cents extra fare when a passenger fails to purchase a ticket.

The bill to charter the proposed new road from Covington to Louisville will likely pass the Legislature. It is now said on reliable authority that the road is a Vanderbilt project, and that Mr. Huntington is working for their interests, he himself having announced his determination to sell his interests in Kentucky railroads.

I'LL BE WITH YOU APRIL 30.

John Lowlow is my name,
By profession a clown,
My object and wish
Is to please all the town.

I write this, friend Rosser,
To have your friends know,
That I'm still to be found
With the Robinson show.

I'm coming to Maysville,
And next Wednesday week,
In the white circus tents
To my friends I will speak.

'Tis a mighty big show,
Without equal or peer,
I know what I'm saying
And want you to hear.

And tell all your friends
To be on the street
On April the thirtieth,
The procession to meet:

'Tis the largest and best
That you ever saw,
I have not the time
To write any more,

But wherever I am,
Or wherever I go,
I am always your friend,
Yours truly,

LOWLOW.

Wait for April 30.

Excursion rates on the C. & O. and K. C. roads have been arranged for from all stations to the big show which will not exhibit at Maysville until Wednesday, April 30.

Not Coming Until April 30.

"It is a bigger and better show than Barnum's," is what the Portsmouth, O., Blade says of John Robinson's big show, which will exhibit at Maysville Wednesday, April 30.

The Banners Tell the Tale.

All our street railway cars have long, painted, muslin banners on each side, which read: "Wait for the Big Show, Maysville, Wednesday, April 30." We kind'er think the people will wait.

Card of Thanks.

Editor Bulletin—Allow me through your paper to publicly return my sincere thanks to the fire department and all others who so promptly responded to the alarm last evening and whose energetic work, saved my store from destruction. Respectfully,
Geo. T. Wood.

An American Heroine.

Miss Josie DeMott, the peerless, fearless and dashing equestrienne, who electrified the Londoners by her reckless riding and to whom the London Times gave the cognomen of the "heroine horsewoman of the world," is with the John Robinson show, which exhibits at Maysville, Wednesday, April 30.

April 30—Real Roman Races.

A score of fleet-footed thoroughbreds, a herd of Shetland ponies, a den of giant ostriches, scores of jockeys, (male and female), and numberless children will take part in the varied, novel and unique races to be witnessed in the "all perfect" hippodrome, which is only one of the many features to be witnessed in the John Robinson show, at Maysville, April 30. dlt

SAM JOSEPH, the wide-awake, enterprising advance agent of John Robinson's big shows, takes up a good deal of space in the BULLETIN to-day, but he has been in the business a long while and knows the value of "printer's ink." THOMAS TANNIAN, JR., of Vanceburg, attempted the dangerous feat of jumping from the C. and O.'s Fast Flying Virginian as it passed Kinney a few days ago. He struck the ground about sixty feet from where he intended to alight, and it was some time before he recovered consciousness. It is extremely doubtful whether he ever jumps from another train when it is in motion, but if he does it will not be the F. F. V.

TO-MORROW morning at 11 o'clock, Rev. B. W. Mebane will be installed pastor of the Central Presbyterian Church. Rev. W. O. Cochrane, of Millersburg, has been appointed to preach the sermon and deliver the charge to the pastor, and Rev. J. M. Evans to charge the people, with the Rev. Dr. L. H. Blanton alternate. The services are expected to be very interesting. All the members of the church are urged to be present, and a cordial invitation is extended to the public generally.

The Sherley left Portsmouth at 9 a. m. and was doing her best to keep ahead of her Monday rivals, but the latter were right after her and all were at the wharf here at the same time.—Daily Irononian, April 17.

Really, Brother Ort, the Sherley must have taken the back track, if she left Portsmouth at 9 a. m. for Cincinnati and found herself up at Ironton late in the evening. There was nothing wrong in the above item when it appeared in the BULLETIN on Tuesday, the 15th.

Death of Mrs. W. S. Moores.

Mrs. W. S. Moores died yesterday at 12:30 p. m., at the home of her son-in-law, Mr. C. C. Calhoun, on Court street. She had been in poor health for several months. About seven weeks ago, when just recovering from a long spell of sickness, she was stricken down by an attack of the "grip," which finally resulted fatally.

The deceased was a native of Bath County, and was in the fifty-seventh year of her age. Her husband, Dr. W. S. Moores, and one daughter survive her. For years she had been one of the most faithful members of the M. E. Church, South.

She was a noble-hearted woman, whose many christian virtues endeared her to all.

The funeral will take place to-morrow afternoon at 1 o'clock at Mr. Calhoun's residence. Services by Rev. J. E. Wright.

A Fire in a Cellar.

There was a dangerous blaze at Mr. George T. Wood's drug store just before 7 o'clock last evening. An employee, with lighted lamp, was in the cellar drawing off some varnish when there was an explosion, which set fire to some boxes near by. The fire department responded promptly to the alarm and four streams of water were turned on, flooding the cellar and making short work of the flames.

The smoke was blinding, and it was with difficulty that the men at the nozzles could stand at their posts. One of the firemen, George Rudy, inhaled so much of the smoke and gases that he fainted on reaching the open air. He soon recovered, however.

No estimate of the damage could be made this morning. It may not exceed \$100, and is fully covered by insurance.

Dispatches on Labor.

Chicago Carpenters Trying to Arbitrate Their Trouble.

PROSPECTS OF AN AGREEMENT

The Great Strike Predicted in Pittsburgh Not Liable to Take Place—No Prospects of a Settlement in Indianapolis—The Situation in Boston—Other Labor News.

CHICAGO, April 19.—The conference between the conference committee of the New Boss Carpenters' association and the arbitration committee of the striking carpenters lasted more than an hour. The discussion during the meeting turned solely on the financial responsibility and employing capacity of the new bosses' organization.

The latter's committee figured up their strength at 210 contractors, employing on a daily average 3,000 journeymen. The strikers' committee asked that they be furnished the names and addresses of the members of the new Employers' association, that they might inquire into their standing. This was agreed to by the bosses' committee, and their time is now being spent in investigating these contractors, and their claim of being able to give employment to 3,000 men.

This evening another conference will be held and some arrangements probably made for a partial resumption of work. A large number of the strikers' leaders, however, are opposed to any work being permitted till the whole strike shall be definitely settled. The members of the old Carpenters' association are doing nothing. They say they are "just waiting for things to adjust themselves as they will after awhile."

The Situation in Pittsburgh.

PITTSBURG, Pa., April 19.—The more prominent railroad officials in this city claim that they do not anticipate a strike. Appearances, however, lead one to think differently. Delegates representing the federated order in surrounding towns arrived on every train during yesterday, and reported immediately to the federated order's officials.

President Hawley states that railway men will hold a special meeting to-day and it will then be decided whether there will be a strike.

It is stated that the Baltimore and Ohio railway has granted an increase of wages to their passenger brakemen. This concession is in answer to a request made several weeks ago.

Mr. Downey, of the executive committee, stated last night: "The entire organization of Federated Railroad Employees, some 50,000 in number, will back us up in this matter. Our organization must receive recognition. We will endeavor to settle this matter amicably and avoid a tie-up if possible. Whether there will be a strike depends entirely upon the railroad officials."

The Pan-Handle Railway company has offered the switchmen of their road the standard wages paid that class of workmen, and it is thought the Pennsylvania railway will do the same.

Growing Critical at Indianapolis.

INDIANAPOLIS, April 19.—Notice was served upon the secretary of the General Contractors' association yesterday, that unless the bosses met the striking carpenters in conference within twenty-four hours a general strike of all persons in the building trades would be ordered. The bricklayers, the plasterers, the lathers and the hodcarriers have been ready to go to the assistance of the carpenters ever since the strike was inaugurated. The notice served upon the contractors has had the effect only of increasing the determination of the latter not to yield. It was determined by them not to hold a meeting last night, or pay any attention whatever to the threat to order a general strike. They assert that a general strike will effect nothing, as others engaged in the building trades cannot do anything when all the carpenters are idle.

Threatened Strike Avoided.

NEW HAVEN, Conn., April 19.—The postal card factory at Shelton is running and the employees have been paid part of their overdue salaries, so that the threatened strike is averted. Mr. Wilkinson has not yet arranged matters satisfactorily with the government as to the quality of the paper furnished, and the factory may yet be closed. It is alleged that a fine of ten cents for 1,000 on 2,000,000 cards imposed by the government for defective work caused Daggett's trouble and the fine equalled the profits. Wilkinson will be compelled to make his part of the contract good.

Stonecutters Out.

BOSTON, April 19.—The stonecutters of the W. N. Flint Granite company at Mensen have struck because the company sent a man to help out in the Springfield yards, where a strike was recently in progress, and discharged for absence a man who was sent by the local union to investigate that matter.

Hours Reduced at the Same Wages.

BRADFORD, Pa., April 19.—The boss carpenters and builders and local Union 530 of the United Brotherhood of Carpenters and Joiners of this place, have agreed that nine hours shall constitute a day's work after May 1 instead of ten as heretofore. The wages will be the same as heretofore paid for ten hours' work.

Lancaster, Pa., Carpenters.

LANCASTER, Pa., April 19.—The boss carpenters will probably concede the demand of the union carpenters of this city for uniform wages of \$3 a day after May 1.

Electrotypers' Strike Settled.

BOSTON, April 19.—The electrotypers' strike has been amicably settled, otherwise the situation remains unchanged.

An Eleven-Year-Old Murderer.

TEXARKANA, Tex., April 19.—S. W. Stewart was shot dead yesterday by the 11-year-old son of B. K. Sweet, a saloon keeper. Stewart had quarreled with the elder Sweet and got the worst of it. As he was leaving the saloon the son seized a pistol and shot him in the back. The boy is under arrest.
